Dear parents and carers

### **Playground Project**

I am delighted to inform you that we have been successful in securing part of the funding needed to transform our playground.

We have now submitted a planning application to re-surface a large section of the existing playground and extend it toward the forest school. This will allow us to install a MUGA (Multi Use Games Area), which will give our children a safe, high quality surface to play and is ideal for a wide range of sports, including football, netball, basketball and tennis.

You can support our application through representation on the planning portal [here](#). Despite only being at the planning stage, we are hopeful the project will go ahead so that we can provide a range of play opportunities for the children to learn, exercise and enjoy.

To realise this dream, we will need to look for fundraising and sponsorship opportunities; we are always grateful for ideas to support this. We will shortly share details of our fundraising target and ways you can support.

If you have any questions, please email the school office and I will be pleased to help.

Thank you for your continued support.

Kind regards

**Miss C Bull**
