## **Written Statement of Behaviour Principles September 2022**

The Education and Inspections Act 2006 and DfE guidance document for governing bodies (Behaviour and Discipline in Schools, 2015) requires the governing body to make and frequently review a written statement of general behaviour principles to guide the Headteacher in determining measures to promote good behaviour.

### **Introduction:**

This is a statement of principles, not practice.

Practical applications of these principles are the responsibility of the Headteacher. The Governors at The Laurels Primary School, believe that high standards of behaviour lie at the heart of a successful school and enable children to make the best possible progress in all aspects of their school life.

At The Laurels Primary School, we value everyone as an individual, capable of growth, change and development. Our relationships are underpinned by the values of being responsible, resilient and reflective and the rules of being ready, respectful and safe. We have high expectations that support the development of our pupils as effective and responsible members of the school and global community.

The purpose of this statement is to give guidance to the Headteacher in drawing up the Behaviour Policy by stating the principles the Governors expect to be followed.

### **Principles:**

- All children, staff and visitors have the right to feel safe at all times at school and procedures should consider the requirements of the Education Act 2002 in relation to safeguarding and promoting the welfare of children.
- The Laurels Primary School is an inclusive school. Bullying or harassment of any description is unacceptable. All members of the school community should be free from discrimination of any sort. Measures to protect children should be set out in the Behaviour and Equality policies, reflecting the duties of the Equality Act 2010.
- The Governors believe children should be at the heart of the development of school rules and these should be regularly reviewed with the involvement of the School Council and in consultation with staff and parents.
- High standards of behaviour are expected. The school rules should be clearly set out in the Behaviour Policy and displayed around school. Governors expect these rules to be consistently applied by all staff.
- Governors would like to see a wide range of rewards, consistently and fairly applied in such a way as to encourage and reward good behaviour around school.

- Sanctions for unacceptable/poor behaviour should be known and understood by all staff and pupils, consistently applied and regularly monitored to ensure effective impact.
- It is recognised that the use of rewards and sanctions must have regard to the individual situation and the individual student and the Headteacher is expected to use discretion in their use. Sanctions should however be applied fairly, consistently, proportionally and reasonably, taking into account special educational needs and disability and the needs of vulnerable children. Support and assessment from external agencies should be available as necessary for pupils who display continued disruptive behaviour.
- We believe children should be given opportunities and openly encouraged to support each other in the process of positive reinforcement and personal growth, learning and recognising good behaviour.
- We expect pupils and parents to cooperate to maintain an orderly climate for learning.
- The Governors strongly feel that exclusions, particularly those that are permanent, must only be used as the very last resort.
- The Governors wish to emphasise that violence, threatening behaviour or abuse by pupils or parents towards the school's staff will not be tolerated. If a parent does not conduct himself/herself properly, the school may ban them from the school premises and, if the parent continues to cause disturbance, he or she may be liable to prosecution.
- The Governors expect the Headteacher to include guidance and clarification for staff on their powers to search (for banned items), to use of reasonable force (make physical contact with children), and to discipline pupils for misbehaviour outside school (including notifying the police) witnessed by a member of staff or reported to school when:
  - Taking part in school organised or related activity
  - Travelling to or from school
  - Wearing school uniform or in some other way identifiable as a pupil
- The Governors expect the Headteacher to include some detail on the power to use reasonable force or make other physical contact: the situations in which reasonable force may be used (including removing disruptive pupils from classrooms, or preventing them from leaving) should be stated in the Behaviour Policy. A definition of 'reasonable force' should be included, which should also explain how and when pupils may be restrained. The Governing Body would expect named staff to be trained in the use of reasonable force and restraint as the need demands at any particular time.
- The Behaviour Policy should include some detail on the power to discipline outside the school gates: disciplining beyond the school gates covers the school's response to all non-criminal bad behaviour and bullying that occurs anywhere off the school premises. The Governing Body must be satisfied, in all situations arising, that the measures proposed by the Headteacher are lawful and that staff and pupils know that sanctions can be applied in these circumstances.
